My name is John.

I have an elder brother called Ken.
Ken is in class five.

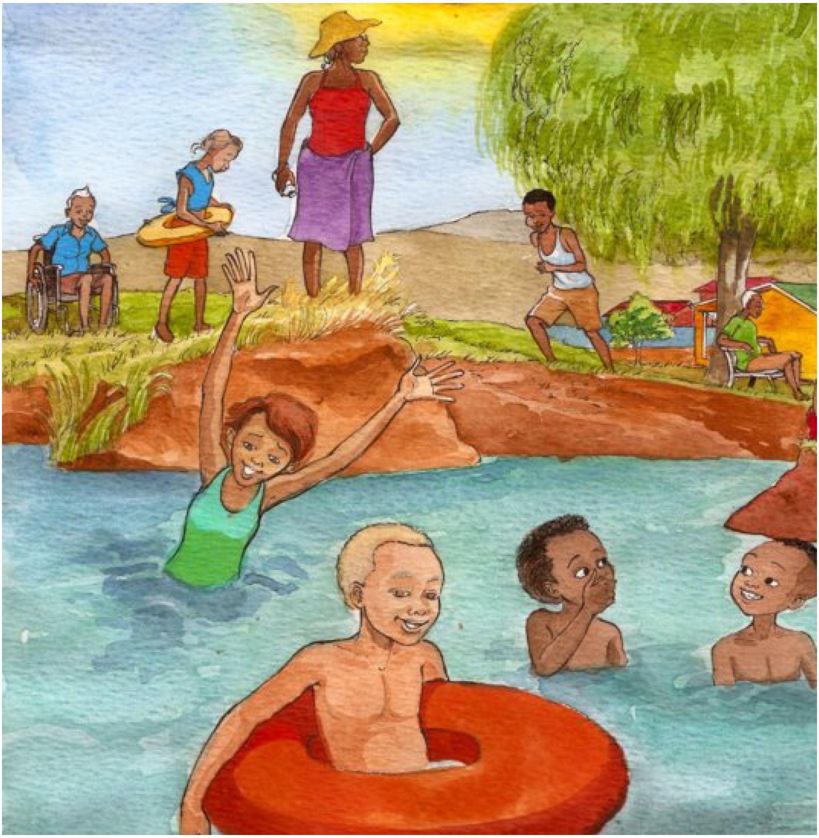

We go to school together in the morning.

When the bell for break time rings, Ken helps me put on my games uniform.
I play with Ken and his friends during this break.
Ken loves me and I love him too.

When the bell for going home rings, we run with Ken towards home.

When we reach home, Ken helps me to remove my school uniform then we go to bathe in the river.

After bathing we go home, when we reach home Ken teaches me how to brush my teeth.

After brushing our teeth, we go to play football in the field.

I love my brother Ken very much.

My mother loves watching her children play football.
